

Confucius may have said it first but the man I had it from was Haskell Jones, in an off-the-air conversation. The wisest ages, said Haskell, are 4 and 17. At 4 you know all the questions — and at 17 you know all the answers.

New York's most radical newspaper is the evening Post, and the other day its editor, James A. Wechsler, was hailed before the Senate Investigations Committee and grilled for five hours by Senator Joseph R. McCarthy, Wisconsin Republican.

It was not the calling up of the editor but McCarthy's handling of the hearing which caused the spokesmen for all American newspapers, Editor & Publisher, to utter these blistering words:

"There is no doubt in our mind that Senator McCarthy's examination of the Post was an attempt to intimidate a newspaperman for expressing editorial views with which the senator disagrees."

"Newspapermen do not claim any immunity from congressional investigators. Mr. Wechsler, who answered fully all questions put to him, did not. Neither do newspapermen dispute the right of congressmen and senators to criticize and attack them verbally or in print."

"But there is reason to doubt the propriety, and to call attention to the danger, of a so-called hearing during which the pretext for summoning a witness is practically ignored and the time is spent in a fishing expedition into the editorial policies of an independent newspaper."

What angered the newspaper trade journal was the fact that McCarthy haled the editor before the senate committee on the pretext that he had written several books supposed to be circulated in American libraries abroad, and that Wechsler admitted having belonged to the Young Communist League when a student at Columbia university back in 1934-37, from which he subsequently resigned — but having gotten the editor before him Senator McCarthy elected to discuss none of these things but harangue the man for the present conduct of the editorial policies of the New York Post.

What a young man belonged to while in school nearly 20 years ago, and what a newspaper that pays its own bills publishes in the year 1953 have one thing in common — neither of them is any business of McCarthy or any other elective official in these United States.

Either a newspaperman can tell McCarthy to go to hell — or this isn't a free country and you have no free press.

Never forget what old Jim Reed, Missouri's great Democratic senator, said:

"Liberty is the right to be wrong."

New York City has its choice of several newspapers, and while not the largest by any means, the Post is not the smallest, either. It is an outspoken critic of Senator McCarthy — and the arrogant manner in which this community-claiming public official jumped on the editor suggests that anyone who doesn't praise McCarthy is apt to be summarily haled before him and damned for a Communist. That's getting pretty close to the day when a private American wakes up and hears a command: "Cheer for this man or that man — or go to jail!"

Our country is in trouble — but not that much trouble, unless the American people make the monumental mistake of believing all men who are against McCarthy are Communists. That was precisely the bill of goods with which Adolf Hitler sold the Germans down the river to destruction.

It could happen here, but I don't think it will.

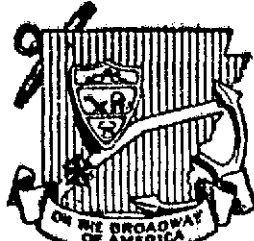

Employe Party Next Tuesday for Shanhouse

Something unique in the way of employe parties will be held by W. Shanhouse 3045 Tuesday night, May 26, when simultaneous events in both Hope and Magnolia will be linked by a telephone wire and a question-and-answer program conducted jointly by the factory staffs of each city.

The program for the local plant will get under way at Hope High school building at 6:30 Tuesday night, running until 9:30. Dinner will be served in the big school cafeteria, after which the meeting will transfer to the school auditorium for the program features.

Arrangements are to be made for a string band. And during the evening there will be an exchange of comments between the two cities on the leased wire, broadcast by a loudspeaker in the auditorium. The program will be recorded and broadcast later by radio in both Magnolia and Hope.

Allies Drafting 'Now or Never' Peace Plan

TOKYO, (AP) — Allied headquarters today worked on a revised Korean truce plan to be presented to the Reds next week at Panmunjom, possibly on a "now or never" basis.

Authoritative sources who insisted on anonymity said the plan contained some phases of the India plan approved by the United Nations Assembly last December. The Assembly agreed that a political conference should settle the fate of 44,500 North Korean and Chinese prisoners who refused to return to their homelands.

These sources said new ideas have been gained by the U.N. Command in long-range consultations with allies to the deadlocked prisoner exchange issue, remain stumbling block to a Korean truce. They took an optimistic view of the talks, which resume Monday.

Hope Junior Garden Clubs Are Praised

Mrs. H. W. Newbold, Texarkana, Chairman of Junior Gardeners, Arkansas Federation of Garden Clubs, in a recent report citing the spread of the organization listed Hope as typical of the success of the move.

Every senior garden club in Hope is now sponsoring a junior club, all a part of the elementary school system. As an example of the co-operation between the school and garden clubs, Mrs. Newbold related the following:

"Mrs. J. W. Perkins, junior counselor for the Wisteria club, approached Miss Mamie Bell Holt, principal of Paisley School, indicating that the Wisteria club would like to sponsor a junior garden club in the school, if the principal felt it would be of benefit to the children."

"Miss Holt replied, 'the more people that touch the lives of these children, the richer their lives will be. My only request is that the club meetings be held during school hours, so that the bus children may have the privilege of attending.' The result was that instead of the organization of one small junior club, two have been formed in Paisley with sixty-seven members each."

Hope has also organized a Council of Junior Garden Clubs with Mrs. Sam W. Strong, Jr., as president. Counselors for the clubs are Mrs. J. W. Perkins of Paisley; Mrs. Dorsey McRae, Mrs. Aline Johnson, Mrs. Graydon Anthony and Mrs. Frank Walters for Brookwood; Mrs. Frank McHenry of Garland and Mrs. Joe Reese and Mrs. Carl Greenlee for Oglesby School.

Spa Hospital Service to End

Wonder Drug Is Something You Take and Wonder Why You Don't Feel Wonderful

By HAL BOYLE
NEW YORK (AP) — A wonder drug is something you take and then wonder why you still don't feel wonderful.

But the most widespread and dangerous disease today is probably "wonder drug addiction"—of one kind or another.

Everybody yearns for a new miracle panacea in every field of human activity—health, agriculture, economics, politics, and matrimony. The ideal cure-all is a magic capsule that would cure the baby's mumps, balance the national budget, end wars, hike wages, lower prices, make a profit for industry, raise bumper farm crops, cause papa to come home at night, eradicate women's wrinkles, dissolve grandma's melancholy, and whisper the name of the winning horse before every race.

Naturally, nobody with common sense and a knowledge of human cussedness, expects or believes such a capsule will be invented.

Methodists to Start Bible School June 8

Vacation School will begin at the Methodist Church on June 8, and continue through Friday, June 12. Boys and girls from kindergarten through junior departments will be included. The hours will be from 9 until 11 o'clock each morning.

Miss Nannie Perkins, financial secretary of the church, will act as statistical secretary for the entire school, and leading teachers and courses of study will be as follows:

Kindergarten Number 1, Mrs. Arch Wolfe, leader; Kindergarten Number 2, Mrs. George Murphy, leader, and both departments will be using the text "My Home and Family."

Primary, Mrs. James McLary, leader, using "Child Life in Bible Times" Junior, Mrs. J. W. Perkins, leader, using "Understanding the Bible."

A complete list of the staff and helpers will be published next week.

Welfare, Labor Funds May Aid Democrat Cause

By WILLIAM F. ABROGAST

WASHINGTON (AP) — Democrats hoped to make political capital today as the House started debate on a \$1,065,581,570 bill to finance the Labor and Welfare Departments for the fiscal year starting July 1.

They figured they enhanced their 1954 election chances yesterday as they bent down a Republican-led drive to cut agriculture funds.

The labor welfare bill is \$132,481,291 below the amounts former President Truman requested last January for the two agencies, and Democrats were drafting amendments to restore some of the cuts imposed by the appropriations committee.

They weren't too optimistic about winning when the showdown voting comes, probably tomorrow, but want to get Republicans on the record against what some Democrats call "adequate financing" for the government's labor and health education and welfare programs. Ignoring warnings from GOP Representatives Burdick (ND) and Jensen (Iowa) that they were "cutting their political throats," most Republicans lined up yesterday behind a losing drive to cut 55 million dollars from the 1954 farm conservation program.

Supporting the amendment to hold the 1954 program to the 140 millions recommended by the Eisenhower administration were 152 Republicans and 44 Democrats. Against the amendment, and on the winning side, were 148 Democrats, 1 independent and 54 Republicans. Democrats kept noticeably quiet as Republicans battled back and forth over the conservation program before the House voted the 195 millions recommended by the appropriations committee.

Proponents of the cut claimed the program, designed to encourage farmers to conserve soil fertility, was wasteful.

Homecoming at Silom Church

Homecoming will be held at Silom Church, five miles south of Bodcaw, on Sunday, May 31. Preaching will be held at 11 a.m. and singing during the afternoon. Lunch will be served on the grounds at noon.

Committee Chairman H. Alexander Smith (R-NJ) is expected to announce them next Monday, making clear that no Republican member of the committee considers himself bound to the recommendations. Changes, possibly substantial, can be expected before the full committee agrees on a comprehensive bill to amend the law.

But if a fellow even claimed he had, all he'd need to do would be to lift his voice—and he'd find plenty of customers. Faith is powerful, but the too-prevalent trust in wonder drugs and magic pills is not faith, but blind and dangerous superstition. Wonder drug is tomorrow's disappointment, because people expected too much of it.

Opium used to be a wonder drug. So did aspirin. Alcohol was perhaps man's first wonder drug. But people still have pains, headaches and hangovers.

Remember when vitamin "B" was supposed to rid us of summer insects? Well, a science teller tells me they now have a strain of tough mosquitoes so different on DDT they die if the stuff is taken away from them.

Doctors know there is no true magic pill for mother nature's children, no capsule that will take the place of proper food, sleep and

Raging Flood Is Threat to Lake Charles

By JAMES V. MCLEAN

LAKE CHARLES, La. (AP) — The wildly spreading Calcasieu River swirled toward this Southwest Louisiana city today with the biggest flood threat in 40 years and drove 1,250 families from their homes.

High water elsewhere in Louisiana caused two drownings, one at Kinder, 30 miles upstream from Lake Charles and another at Crowley, 50 miles east of here.

Volunteers with bulldozers and trucks sweltered in warm coastal temperatures during the night to push up small dirt dikes to halt slowly rising waters in residential areas in the eastern part of this city.

Fire trucks pumped at the river invasion which threatened to sever U. S. Highway 90, linking the nearby Lake Charles Air Force Base with this city of 5,000.

Weatherman Paul Cook said the Calcasieu River, normally a tame little stream, would reach five feet over flood stage today; beyond that he would not predict. Flood stage is four feet.

The water at the Lake Charles river front was rising one-tenth of a foot an hour and Cook said the river would probably crest this afternoon. Widely scattered showers are predicted.

The doe gauge read 8.12 feet at 6 a.m. The river ship channel, is 500 feet wide and 38 feet deep, providing a great course for runoff waters.

Skies were clear over the southern half of the country today but thunderstorms were in prospect for flood-stricken areas of Texas and Louisiana, where thousands have been forced from their homes. Damage to crops and property was in the millions of dollars.

The biggest flood in 40 years threatened Lake Charles, Southwest Louisiana port city of 50,000. The bulging Calcasieu River appeared headed for five feet above the four-foot flood stage today. The floods already had driven 1,250 families from their homes.

Two persons drowned in other flood-stricken areas of Louisiana.

Closed Shop Almost Assured in T-H Change

By ROWLAND EVANS JR.

WASHINGTON (AP) — Republican members of the Senate Labor Committee were said today to have agreed on Taft-Hartley law amendments which would all but grant the closed shop to the building trades unions.

The amendments, now being put into a formal committee draft for public distribution next week, were described by senators who declined to be quoted by name.

The changes in the law, some of them promised by President Eisenhower in campaign speeches last fall, were agreed to in a meeting of the Republican members of the committee.

Committee Chairman H. Alexander Smith (R-NJ) is expected to announce them next Monday, making clear that no Republican member of the committee considers himself bound to the recommendations. Changes, possibly substantial, can be expected before the full committee agrees on a comprehensive bill to amend the law.

298 Take TB Tests at Fulton and Washington

The State Health Board mobile unit, sponsored by the county TB association, held a clinic Wednesday morning at Washington. There were 298 free chest X-rays given. Volunteer workers were Mrs. A. M. Hulsby, Miss Lucille Adams, and Miss Peggy Watson.

Wednesday afternoon at Fulton 93 chest X-rays were made. Mrs. Sam McGill and Mrs. Tommie Seymour worked at this clinic.

Thursday and Friday the unit will be located on West Second st. near the Saenger theater from 9 a.m. to 1 p.m. and 2 p.m. to 5 p.m.

Charles Reymerson, chairman of the Hempstead county TB association, earnestly urges all citizens fourteen years of age and over to take advantage of this free clinic. It takes only a few minutes of time, and Mr. and Mrs. Bobbie Harris, operators of the unit, will cheerfully and courteously give this service. Mr. Reymerson again reminds that "early discovery means early recovery."

Division on Plan for Air Force Goal

By EDWIN HAANKINSON

WASHINGTON (AP) — The Eisenhower administration's explanation of its decision to cut the Air Force goal from 143 to 120 wings and slash its funds five billion dollars left a sharp division in Senate ranks today.

Sen. Ferguson (R-Mich) chairman of an appropriations subcommittee considering the new defense budget, said he believes Secretary of Defense Wilson "has made a good case for the new program."

"After all, the 143-wing goal of the Truman administration was just a paper target that could not be hit," Ferguson said. "Secretary Wilson assures us he has more money now than will be spent in the next fiscal year."

Sen. Hill (D-Ala) also a member of the committee, disagreed sharply in a separate interview. He said:

"Mr. Wilson certainly has not convinced me, nor apparently most other members of the committee. He will have to justify the five billion dollar cut in the Air Forces before I'll ever vote for it."

Wilson has spent a good portion of the last two days before the Senate group, under questioning about the administration action in cutting the Air Force goal for mid-1955 from 143 wings to 120, each containing from 30 to 75 planes.

ROKs Throw Off Chinese Attacks

By FORREST EDWARDS

SEOUL (AP) — Counterattacking South Korean infantrymen today threw 150 to 200 Chinese Reds off an Eastern Front ridge after 12 hours of close-quarter seaway fighting.

The Chinese swarmed up the slopes and seized the western end of the 300-year-long ridge shortly before midnight.

Stubborn ROK soldiers clung to the eastern end. The Reds threw back two South Korean counterattacks. But ROK reinforcements were thrown into the battle before dawn and after six hours of fierce fighting the Reds called it quits, the Eighth Army said.

For hours after the Chinese pulled off the ridge sporadic rifle and machine-gun fire continued, but the Reds did not attack again.

Elsewhere along the 155-mile battlefront the Reds pressed Allied lines and patrol skirmishes flared between the lines.

Cloudy skies limited aerial action to fighter-bomber strikes along the front and troop and supply areas just behind the Red lines.

Allied Sabre jets stayed on the ground.

Eisenhower Calls Meet of Big Three Nations to Be Held Late in June

French Assembly Overthrows Premier Mayer

PARIS, (UP) — Premier Rene Mayer, premier of the right-wing French government, was overthrown tonight by the national assembly, leaving France temporarily without a government amid ambitious plans for a big three meeting of Mayer, Prime Minister Churchill and President Eisenhower.

Mayer's government lost a confidence vote of his controversial economy budget and tax program.

A dramatic last minute announcement of the planned big three meeting and a possible "four power" meeting of the three Western leaders with Soviet Premier Georgi Malenkov failed to stay off defeat.

An unofficial tally showed that at least 330 of the 624 deputies voted against Mayer.

It was one of the most severe defeats handed any recent premier. Parliamentary noted that the majority, giving President Vincent Auriol the right to dissolve parliament and call for new elections, if he chooses.

Tito Reports No Change in Feeling

By ALEX SINGLETNO

BATAJNICA, Yugoslavia (AP) — President Marshal Tito angrily declared today that relations between his anti-Moscow Communist government and the Soviet bloc nations have not improved.

Earlier this week, dispatches from some Western newsmen to Moscow reported a growing tendency toward more normal diplomatic exchanges between the Kremlin and Yugoslavia. Their relations have been at a bitter minimum since Tito's regime was ousted from the Communist front nearly five years ago for "nationalistic deviations" from the Soviet line.

Speaking to a crowd of several thousand persons gathered at Yugoslavia's big military air base here to celebrate the 11th anniversary of the nation's Air Force, Tito declared, "Rumors have been circulated that we are dealing in secrecy with Russia."

Angrily waving a clenched fist, he cried:

"From this place I say to you that relations between us and the USSR and countries under its influence have not improved."

"On the frontier still, their rifles are shooting our guards. Their press is slandering us. If the USSR has softened its propaganda, that is not enough for our country to change its attitude and fall into the arms of those who have so badly harmed us."

"Any changes must be demonstrated by deeds, not words."

Small Strike Idles Some 150,000

By GLENN ENGLE

DETROIT, (AP) — Layoffs engulfed or threatened 150,000 more auto workers today as half a dozen major manufacturers reported the flow of parts choked off by supplier strikes.

Ford, Chrysler, Studebaker, Willys, Nash and International Harvester all figured in the mushrooming production cuts.

They attributed their moves to three supplier strikes: at Ford's Canton, O., engine plant; at Borg-Warner's Warner Gear Division plant at Muncie, Ind., and at the Budd Company car body stamping plant here.

This was the situation: Ford laid off an unannounced number of employes at its huge Rouge plant in neighboring Dearborn yesterday and said that was the start of layoffs which will idle 85,000 employes across the nation within the next five days. The company said a month-long slump at its Key Canyon plant had cut off its only source of forgings for cars and trucks.

Chrysler sent 27,000 employes home from its Chrysler, De Soto and Dodge assembly plants here yesterday. It said a jurisdictional dispute at the Budd plant had halted the inflow of car bodies. About 8,000 Budd workers were idle.

Conference May Lead to Parley With Russia

WASHINGTON (UP) — President Eisenhower today called a meeting with British Prime Minister Winston Churchill and French Premier Rene Mayer which could lead to a Big Four world peace conference with Russia later.

The Big Three parley probably will be held in Bermuda late in June, Churchill said some time after June 15.

The White House said Mr. Eisenhower took the initiative in calling the Big Three meeting to develop "common viewpoints" on many problems that "must be solved cooperatively so that the cause of world peace may be advanced."

It made no mention of a possible later meeting with Russia. But Mayer said in Paris that the U.S.-British-French meeting was being called to hammer out a "unity of views" for a Big Four conference with Russia. And Churchill said he hopes the Bermuda talks will lead to another meeting "of greater import" — an apparent reference to his previous suggestion for a big power meeting with Russia. Diplomatic informants here, however, emphasized that the Bermuda

Ike May Have Gotten Oatis' Freedom

By WARREN ROGERS JR.

WASHINGTON (AP) — Communist Czechoslovakia, in freeing Associated Press Correspondent William N. Oatis, acted six weeks after President Eisenhower offered to consider easing trade and travel restrictions against the Czechs.

The White House last night released copies of messages exchanged between Eisenhower and new Czech President Antonin Zapotocky.

Eisenhower's message, dated March 30, told Zapotocky that if he would release Oatis the U. S. would be willing to negotiate lifting of sanctions imposed against Czechoslovakia when the newsmen was jailed 26 months ago.

Zapotocky's reply, dated May 15, informed Eisenhower that Oatis was being pardoned on that day and would not have to complete the rest of his 10-year sentence on conviction of "spying."

U. S. Ambassador George Woods and Czech Prime Minister Siksky handled the exchange between the two chief executives.

In his public announcement of Oatis' freeing May 15, Zapotocky had said he acted on a direct appeal for mercy from Mrs. Oatis. At that time the State Department said "there wasn't any deny" between the U. S. and Czechoslovakia to free the newsmen.

The White House also said last night that a week before Oatis was released Secretary of State Dulles "made diplomatic representations" to the Czech government.

The announcement also said Mrs. Oatis personally visited Dulles March 7. It said Dulles told her then the U. S. government would do all in its power to get her husband free.

Mrs. Oatis said in New York and wrote Eisenhower and Dulles after the new administration took office Jan. 20, because she wanted to preserve the continuity of her efforts to free her husband. For the same reason, she said, she visited Dulles.

Oatis, on his return to the U. S. Monday, declined to say whether he served the U. S. government in any capacity while he was an Associated Press correspondent in Prague. He said he would stand on the record of his

ket continued its forward drive today but with considerably less force. Leadership was divided between the bulls, steers and heifers. Gains ran to around a point at the outside with small minus signs cropping up frequently in many areas of the list.

Yesterday's advance was the year's best with the railroad well out in front and the aircraft, motor, and steel coming about behind.

GRAIN AND PROVISIONS CHICAGO (AP) — Grain: held steady to most of the session on the Board of Trade today but developed a slightly easier trend shortly before the close.

Wheat set back on the early advance, aided by moderate overnight export business to Italy. Oats showed lagging tendencies. Soybeans held steady despite a slump by crude soybean oil to a new low price for the year.

Wheat closed 1/4 higher, July \$2.12 1/2, corn 1/4 higher, July \$1.50 1/2, oats 1/4 lower to 1/4 higher, July 73 1/2, rye unchanged to higher, July \$1.50 1/2, soybeans 1/4 lower to 1/2 higher, July \$2.94 1/2.

Want to make a quick getaway?

The nearest we can come to word-picturing for you how it feels to drive a 1953 Buick with Twin-Turbine Dynaflo* is this:

When you toe the gas treader, you can get away like silken lightning in a silent hurry.

More specifically, you can sweep your speedometer needle from zero to a legal 30 mph in the time you normally take two breaths.

Equally important, you get this dazzling getaway with whisper quiet—and with one smooth, progressive build-up of velvety power.

(The literal truth is—no other car in all the world can get away with the combined quickness, quiet and

utter smoothness of a 1953 Buick with TT Dynaflo.

It takes more than the advanced new engineering of this fully automatic transmission to produce such thrilling performance, of course.

It takes power, too.

And that's here in full measure—the highest horsepower and compression ratios, Series for Series, in Buick's fifty great years—with the world's most advanced V8 engine powering the SUPER and ROADMASTER.

There's a lot more you get in any 1953 Buick in generous and hard-to-match measure—room, comfort, ride

steadiness, visibility—and, above all, value.

But these are things you must discover for yourself—as you must the greatest Buick performance in history.

Why not drop in on us real soon? We'll be happy to put you at the wheel of a new Buick and let our points prove themselves.

*Standard on Roadmaster, optional at extra cost on other Series.

Lilac Garden Club Names New Officers

The Lilac Garden Club met on Wednesday in the home of Mrs. B. L. Rettig with Mrs. Florence Sutton and Mrs. A. E. Slusser as co-hostesses.

The Rettig home was decorated throughout with white magnolia blooms.

Mrs. Slusser, president, opened the meeting and presided during the business session. The nominating committee presented the following officers for the new year:

President, Mrs. Kenneth Ambrose, vice-president, Mrs. Dewey Camp, secretary, Mrs. C. C. McNeill, treasurer, Mrs. Malcolm Porterfield, historian, Mrs. Florence Sutton.

Mr. William Groves had charge of the program during which time he showed films on flowers, namely camellias, azaleas, and Hawaiian orchids, also scenes of Hawaii.

Plans were formulated to climax the year's work. A picnic for all Garden Clubs will be held on June 3 at Fair Park with the Camellia and Lilac Clubs as hostesses.

During the social hour the hostesses served open faced sandwiches and individual embossed cakes.

Pansy Junior Garden Club Has Picnic
Members of the Pansy Junior Garden Club of Oglesby School were taken to Fair Park Monday for their annual picnic by their club sponsors, the Dahlia and Nandina Garden Clubs.

After the individual lunches had been eaten, cake and punch were served to each member by the counselors, Mrs. Carl Greenlee, and Mrs. Joe Reece, assisted by other senior club members.

The children were returned to school at the end of the social period.

Wayne Tells of Spending \$502,891

By GENE HANDSAKER

LOS ANGELES (AP)—Rugged John Wayne, whose wife says he grossed \$502,891 last year, told an alimony hearing that during his marriage "we have spent everything I made."

The 44-year-old movie box-office favorite returns to the witness stand today to dispute his estranged wife's demand for \$13,001 a month pending trial of her separate maintenance suit.

His wife, Esperanza Bauer, 30, former actress in Mexican films, claims that's how much she and Wayne spent, on the average, every month of their six-year marriage.

But Wayne declared yesterday his net was only \$50,366 last year and Mrs. Wayne should be able to get along on \$800 monthly pending the trial.

Dapper in a dark gray suit with checked gray tie, Wayne testified calmly for the most part, crinkling his forehead thoughtfully as his wife's lawyer quizzed him about contracts, travel expenses, loans, medical expenses, rent, etc.

The Lord Great Chamberlain of England formerly received the clothes the king wore before putting on the coronation robes as a fee for his services, but in recent years has received a sum of money as a substitute.

with 12 members present, two new members, Mrs. Nath Rider and Mrs. Verdo Hollis, and one visitor.

The devotional was read by Mrs. Rosie Elledge after which Mrs. Lester Kent led in prayer. The song leader led the group in singing "Home on the Range." The roll call was answered and the minutes read and approved.

Mrs. Oscar Rider gave a very interesting demonstration on putting in zippers. She also gave some facts about nylon.

Do CRAMPS give you that monthly look?

Why let tall-tale misery, "arrrrr" show in your eyes? Does your mirror show an older-looking, worn-out, nervous face during your "bad days"? Why let men see that you are suffering from monthly cramps? Try a little Cardui each day as thousands of women do. Let it help build strength and resistance so you have less and less misery each month. Some go through periods without feeling any discomfort at all. Also helps relax jittery nerves—sleep better. Look, feel, act younger, more normal all month. Ask for Cardui. (Says: "card-ew-rye").

UN Talkers Await More Truce Orders

By LEROY HANSEN

TOKYO (UPI) — Gen. Mark W. Clark and his Korean truce negotiators waited today for a higher level decision on the latest United Nations proposal for ending the war in Korea.

The proposal, reported to be the U.N.'s "final" plan on disposal of Korea, was expected to be made today.

Both children were safe — a two-year-old boy found wandering in Central Park and a year-old girl whom she had left with a stranger.

Fright Good Medicine for TB Patients

LOS ANGELES (AP) — Fright apparently is good medicine for some tubercular people.

Several cases in which a good scare favorably turned the course of treatment for tubercular patients were reported to the National Tuberculosis Association today by a group of Seattle physicians.

The frightening episodes were brought on accidentally, but the results were so striking that the doctors now plan to use it often.

This strange finding was the result of experiments to determine the role of the disease. The what part the adrenal gland plays was done by Dr. Edmund H. Clarke, Dr. Daniel W. Zahn and Dr. Thomas H. Holmes of Philadel Sanatorium, Seattle.

The adrenal glands, which are rapid like formations atop the kidneys, produce adrenalin, a hormone. During calm periods, the more which the body uses in large hormone is produced and utilized at relatively low levels.

Look a d e n a t i o n i n g w e n t along with discouragement and apathy. A high rate was accompanied by tenseness, rapid heart-beat, high blood pressure, sweating of the palms and restlessness. One patient, Dr. Clarke said, was being kept alive by great effort, and a part of the treatment included injections with a hypodermic needle. He became so agitated at being jabbed repeatedly with the needle that his adrenal functioning

sition of some 40,000 North Koreans and Chinese Communists held by the Allies, was believed to be getting its finishing touches at U.N. headquarters in New York and in Washington.

Speculation here was that the U. N. proposal would go along with the Indian plan approved by the U. N. general assembly last December.

If so, the U. N. would agree to a Communist demand in the "Reds" May 7 eight-point proposal, which would permit a post-armistice political conference to settle the fate of Allied captives who do not want to go home.

People's radio, Voice of Communist China, said answers to four questions would "decide whether there will be an early end to the Korean War."

Visiting Around Arkansas BY JOE MARSH

"TIMBER-R-R From Yale to Arkansas"

For a long time now senior forestry students of Yale University have made an annual trek from Connecticut to South Arkansas for laboratory work. In our state's great Southern pine areas, I tell you it's a real event for the timber veterans to guide the youngsters toward careers in forestry. This annual event emphasizes the great strides made by our industrialists in Ashley and Drew Counties in reforestation and forest protection. Recognition of our timber pioneering is accorded by the great Eastern University years ago and it has kept its youthful running ever since. This knowledge of forestry and timber operations are not the only things gained by the young Yale men and our local folks. There's a great opportunity to swap ideas and see how the other fellow lives... and reacts. It's a real American way of living. The American brewing industry, too, thrives on study and the two-way exchange of ideas in manufacturing and merchandising. That's why American beer and ale are the fine products that they are today. And you will find these products sold in clean, legal, wholesome surroundings... just the way we like them.

"There is still no green wonder

dental decay and eradicate disease
of the gums. No such dentifrice
will do anything that a suitable
toothbrush properly used won't ac-

Every new wonder drug, when

on meeting — Mr. Eisenhower's
first big power parley — should
not be interpreted as a commit-
ment that a Big Four meeting
will be held.
Mr. Eisenhower's dramatic ges-
ture served to put psychological
pressure on the Soviet Union be-
tween now and the date of the
Big Three meeting to display evi-
dence it seeks world peace.
The President has never flatly
turned down suggestions for a Big
Four meeting. But he had said he
wants to see some concrete evi-
dence on Russia's part that such a
meeting would be productive and
not a sham.
The decision to call the three
power meeting was reached by Mr.
Eisenhower himself at a late hour
yesterday.
Administration sources said Mr.
Eisenhower decided it was time the
United States, Britain and France
got together to "iron out their
problems." Churchill told the
House of Commons that "President
Eisenhower has expressed a wish
for a personal meeting with the
French Prime Minister and my-
self to discuss our common prob-
lems."
It was understood that the in-
vitations were extended in tele-
phone calls last night to London
and Paris following an extraordi-
nary White House conference last
night between Mr. Eisenhower and
some of his top advisers.
The White House announcement
said:
"The government of the United
States, France and Britain have
been in consultation with the view
of holding an informal high level
meeting."
"We have agreed that such a
meeting is desirable at such a date
convenient to all of us. A primary
purpose will be further to develop
common viewpoints with these
friends on the many problems that
must be solved cooperatively so
that the cause of world peace may
be advanced."

The "many problems" on which
they would seek a meeting of the
minds include the timing of any
ers is utterly unacceptable. And re-
strictions aimed at tying in ad-
vance the hands of the neutral
powers a five-nation neutral repa-
triation commission so as to pre-
vent proper explanations to the
prisoners, whom the Americans

Four-Way Tie in AIC Loop

By The Associated Press

Arkansas State Teachers, defeated yesterday by Henderson, 12-10 after 10 innings, gets a chance to knot up the Arkansas Intercollegiate Conference baseball race in a 4-way tie today when it meets College of the Ozarks.

If the Bears lose, the first place still will be tied between Henderson, Arkansas A & M and Southern State.

The Mulderiders forced the 3-way tie yesterday when they defeated A & M 4-3 at Monticello, in a 10-inning tilt.

A & M 4-3 at Monticello, in a 10-inning tilt.

Dob Turkington was the big gun for Southern State when he singled in the 10th inning to drive in Centerfielder W. P. Watson with the winning run. Travis Farrar, hot Mulderider hurler, was given credit for the win. Farrar has two no-hitters to his credit.

Allen Howard rapped out a single that drove in two runs to give the Reddies a victory in the overtime stanza.

Baseball Loop Schedule Is Announced

Definite plans for all teams represented in the Southwest Arkansas League were given the final stamp of approval in a meeting held in Hope the first of this week. Teams represented were Hope Legionnaires, Nashville, Mineral Springs, Day and Zimmerman of Texarkana, Red River Tomies and Texarkana Prides.

Final league schedule and playing rules were agreed upon. Jack Clemens of Magnolia, League president, presided.

A twenty-six game schedule was announced for the Legionnaires. This does not include the playoffs for the league championship scheduled for the week of August 19.

In addition to teams in the Southwest Arkansas League, Business Manager Joe Jones announced that a strong non-league menu would be served up to local fans. Teams already tentatively booked for appearances include the Lion Oilers of El Dorado, Burksdale Field of Shreveport, the Camden Kraftsmen and the Waldo Glants.

The local Legionnaires swing into action Friday night of this week at Fair park against the strong Waldo aggregation. This will be the first outing for the 1953 edition of the Legionnaires.

The complete Legionnaire schedule of games to be played in the Southwest Arkansas loop are as follows:

Hope Youths Win 13-5 Over Texarkana

A young Hope team last night downed Warrack's kid team of Texarkana by a 13 to 5 tally in a seven inning contest at Legion park behind the 6-ft hurling of Lee Lane and Henry Cox.

Johnny Lingo led Hope batters with two hits while Lane, Purcell, Nix, Duke and H. Cox turned in timely safeties. Hope scored in every inning but the first. Collins was the losing hurler.

Travelers Slip Past Barons 6-3

By JERGEN BAILEY
Associated Press Sports Writer

Less than a month ago, Cal Ermer's Chattanooga Lookouts were leading the Southern Association. Today, the Lookouts are in the cellar.

New Orleans humbled Chattanooga 12-4, and Mobile walked Nashville, 82, last night. That combination enable the Bears to climb over Chattanooga into seventh place.

The battle for first place remained unchanged. Both league-leading Birmingham and second place Memphis lost, the Barons to Little Rock, 6-3, and the Chicks to Atlanta, 6-2.

Two Birmingham home runs, by George Moskvich and Dave Pollock, couldn't save the Barons. Little Rock jumped on Starter Hub Kever for six hits in the third and took a 5-2 lead.

Milo Johnson hurled 3-hit ball for seven innings for the Travelers, but was nipped for three more in the eighth. He bowed out in the ninth when the Barons made a threat.

A period of group singing was enjoyed while the school pupils danced their cotillions of 50 years ago. Schoolmarth Dot Nelson took over and her barefoot boys and girls danced in carrying their handkerchiefs, dimes and other party favors. Lessons were recited and then came the rehearsal for an old fashioned Friday afternoon "carnival." Pandemonium reigned as Ned Nelson got a kicking and had to stand in the corner. Speeches were attempted and forgotten. Piano selections were played.

Little Vuel Chamberlain brought down the house with a vocal solo, without music. Marie Chamberlain and her band, Newell, presented a set from a square dance, all barefoot. Hair was pulled, all stampeded and fun was swapped.

An interested audience was Mrs. Cora Mann who taught a number of the Kiwiansa several years ago before her retirement. The entire program brought back fond memories to many present who attended just such one-room rural schools as children.

Dr. and Mrs. Hirst entertained Thursday.

Dr. and Mrs. O. G. Hirst entertained with a dinner at their home on Thursday evening.

Artistic arrangements of roses graced the living room.

Covers were laid for Mr. and Mrs. T. S. McDavall, Mr. and Mrs. John Vesey of Hope, Mrs. Ethel Davis of Los Angeles, Mrs. Matt Hilt of Little Rock, Dr. and Mrs. Hirst at the dining table overlaid with a hand-embroidered cloth with lace inserts. A bouquet of sweet heart roses and a green satin bow placed on a reflector centered the table.

After dinner was played with the high score award being won by Mr. Vesey.

Women End Protest in Racial Case

NEW YORK (AP)—Six women who had chained themselves inside an insurance company's skyscraper office gave up early today their protest action against the eviction of a Negro family from one of the firm's housing projects.

After spending nine hours in chains in an anteroom of the 28th floor office of a vice president of the Metropolitan Life Insurance Company, one of the women today said: "It is physically impossible to stay any longer."

The women earlier had said they had thrown away the keys to the padlocks holding the chains that linked all of them and their chairs together.

However, they finally admitted that a seventh woman who had been with them earlier had keys. At that same moment, a telephone call was made to the office by a reporter who said he was outside the building with the woman with the keys.

Lat., was the guest Sunday of relatives.

Whit Davis of Jacksonville was the weekend guest of Mr. and Mrs. John A. Davis.

Miss Loyce Stewart has returned to Little Rock after a visit with her mother, Mrs. Bob Stewart.

KIDNEYS MUST REMOVE EXCESS WASTE

Raging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer from backache, feel miserable, find themselves getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years, it's the only way many times faster to help the kidneys of kidney tubes and filters that out waste. Get Doan's Pills today!
